

future as a vacation. Several other club members made the trip. The Aceys also had some of their kids meet them in Knoxville and their families enjoyed the visits. Tommy & Bessie and Liz & Dennis Duncan were there along with Gene and JoAnn Maddox. Gene's car was Paul's State Rep. Pick. Now the ride home, that was a different story. Pontoons were needed all day Sunday. It was about the worst rain I ever tried to drive in. Even the 18 wheelers were pulling off the interstate. I sure do wish we could get a bunch of us and go up there together next year. We could really have a nice time. It's an all day drive from here, but the rod run is great and the surroundings are outstanding. Plan your vacation around it next year and let's all go.

COMING UP THIS MONTH

June is another pretty busy month with a variety of activities. Saturday, June 1 has the annual Ole Brook Festival going on in Brookhaven. This is one humongous flea market on the high school football fields. On the other side of the school is the car show, an open to everything event lasting all day. This same weekend is the annual Dixieland Rodders open show at the fairgrounds on hiway 15 in Laurel. Up in Muscle Shoals Alabama they are holding their annual rod run for street rods only. Sunday June 2, McRaes at Northpark Mall is having a car show for red cars only sponsored by RED, a new perfume they are beginning to market. It is supposed to last from 1 to 5. If you go, you need to leave early in order to attend the club's 3rd annual goodie bag packing party at our house, starting at 4 o'clock. Bring

your items for the goodie bags and help us put them together. We will have homemade ice cream and a short club meeting afterwards. The next weekend has the first annual 4 buds rod run in Oxford. All proceeds from this run will be given to various local charities. You might want to go and have a good time, cause next week comes the hard work. Dixie Run 13. Need I say more.

+++++

DIXIE RUN THIRTEEN UPDATE

Entries still continue to come in every day. At present, we have 125 entries from Mississippi, Louisiana, Alabama, Florida, Georgia, Kentucky, Virginia, Tennessee, Illinois, Arkansas, and Texas. You should have gotten a letter listing your assigned responsibilities for Dixie Run. If you have any problem with any of them, let me know-NOW, please, as I need to print the event schedules in time to put them in the goodie bags Sunday.. A couple of new vendors have indicated that they will be on hand. Frames & Things, a new chassis fabrication business from Hazlehurst will display their new '34 Ford frame and other components. They were giving away a crossmember kit at the auction. We hear the Louisiana state champion valve cover racer, C.W. Hirth from Shreveport, will be here to blow the doors off you Baton Rouge racers. How 'bout that, Bobby? He will raffle off a one of his valve covers before the races. To help get us all more involved in preparations for Dixie Run, we are going to have two contests for club members. One will be to guess the number of entries. The club member guessing the correct number of entries to this year's run will get a prize. You have to guess at the next club meeting. Also there will be a prize given to the club member who makes the best trophy for Dixie Run. This comes from a suggestion from one of our younger members, Jarrod Chancellor, and I think it's a good one. Guys like Jarrod, the Sifford brothers, and all the rest really worked hard last year and we appreciate it. Matter of fact, I'm gonna let them pick the winner in the best trophy contest. Don't think for a minute that we take these younger guys and girls for granted. Have you made your trophy yet? Do you have your game planned out and your help lined up? Do you have your door prize contributions yet? Better get busy. Dixie Run is just three weeks away. The motel has given approval to cut grass in the woods, so we'll try to have a work period late afternoon June 11.

* * * * *

CLUB MEETING SCHEDULE

A reminder: The June 2 meeting will be the third annual goodie bag packing party at our house. Bring your street rod. Bring your whole family. But most of all, bring your items for packing the rod run goodie bags and we'll take care of that job. Afterwards, we'll have a couple of freezers of home-made ice cream and enjoy ourselves. I'll make one. Mamie and Peggy are bringing one each. We could probably uses a couple of more. With the expected heat wave, let's plan to start about 4 o'clock in the afternoon. Note the time change. Please come since this will be the last meeting before Dixie Run and we need to put the final touches to rod run plans.

#####

Til next time, drive carefully...

Jack
